

ANDREONI_FORTUGNO 200I

TRACCE3

Luca Andreoni and Antonio Fortugno
Tracce3 (Traces3), 2001

Made in a small town near Trieste, Tracce3 goes on with the Tracce project. These small houses were built during the '30s for the employees of a nearby airport and are shared by two owners. For this reason some differences in the appearance of each side of the houses can be seen, revealing something of the personality of the owners.
